PROFILE

Enthusiastic and motivated Junior Front-End Developer with a passion for creating engaging and responsive web interfaces. Proficient in HTML, CSS, and JavaScript, with hands-on experience in modern front-end framework such as React. Additionally, possesses some knowledge of Python and the Django framework, enabling basic integration of front-end components with back-end functionality. Good problem-solving skills, attention to detail, dedicated to continuous improvement and staying up-to-date with the latest industry trends.
